Denton County
Friends of the Family

Supporting Denton County Adoption Day and a future visitation center.

(A multiuse facility that can be used to provide permanent housing to justice related entities as well as provide user friendly space to other public, law related activities. Programs such as the low cost alternative dispute resolution program run by the Denton County Alternative Dispute Resolution Center, veterans clinics, and other public, law related events will benefit from having use of the facility.)

Supporting victims of domestic violence throughout denton county through shelter, advocacy, legal services and play therapy.

Their mission is to provide compassionate, comprehensive services to those impacted by rape, sexual abuse, and domestic violence, while partnering with the community to promote safety, hope, healing, justice, and prevention.
